

# Sheaf Valley Cycle Route: Asline Road

A new Toucan crossing would be added along Bramall Lane to make this road easier and safer to cross.

The cycle track would continue across this access point though access would be maintained to business premises.

BELGRAVE  
MEDICAL  
CENTRE

The existing cycle track would be made wider to create a 3m wide two-way cycle track. The island currently positioned in the cycle track along Asline Road would be removed.

A621 BRAMALL LANE

A new footpath would be created here by taking some space from the grass verge.

LOWFIELD  
PRIMARY  
SCHOOL

The bus gate would remain in place and there would be a short section of shared-use cycle track and footpath on the approach to the existing Toucan crossing.
