

Works update notice – utility trial holes, Aylesbury

November 2020 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current strategy makes it clear that construction activity can continue as long as it complies with this guidance. Please be assured that only sites that can operate within the guidelines are operational. All sites will remain under constant review. We have postponed all face-to-face engagement events and meetings and have put in place a number of channels to communicate with communities, such as letters and phone calls, as well as updates and alerts from each of the local community websites. You can sign up for regular updates in your local area at www.hs2inbucksandoxfordshire.co.uk

What are we doing?

As part of our preparatory works, we are continuing with our Ground Investigation (GI) and utility works. For this we need to carry out some utility trial holes and surveys. Some of these works will need to be carried out on the roads within the Aylesbury area.

When will these works take place?

The works will commence from November and continue into January 2021.

Below are the locations and intended dates of where and when the traffic management will be in place.

1. A418 – Oxford Road – 8.12.2020 and 04.01.2021 – 08.01.2021
2. A41 – 04.01.2021 – 08.01.2021 (Works completed outside of peak traffic times 7pm – 6am)
3. Blackgrove Road – 11.01.2021

The timings of the works may differ depending on what we find as well as other external conditions such as the weather. We will work to reduce disruption where possible.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
