Dear Resident

Re: HS2 Works – Chalfont St Peter Vent Shaft

Align, the Main Works Contractor for both the Colne Valley Viaduct and the Chiltern Tunnel, recently restarted works in your area to begin preparations to build the Chalfont St Peter Vent Shaft at the site adjacent to your property.

Closure of Public Rights of Way (PRoWs)

We first provided notification of our intention to close PRoWs Chalfont St Peter 10/1 and Chalfont St Giles 32/1 in January this year but delayed closing these paths until we were able to provide an alternative route around the site. We wrote to nearby residents in early May, and now that the alternative path is available, we are writing to inform you that Chalfont St Peter 10/1 and Chalfont St Giles 32/1 are now closed for the duration of construction.

Further to this closure and we have now completed construction of a short section of footway on the northbound section of Chesham Lane to assist pedestrians moving between PRoW CSP/12/1 and CSP/9/3. Please see the map overleaf for more information on new PRoW.

Traffic management on the A413

Please also note that 2-way lights are in place on the A413 whilst we construct the temporary access road. Due to Covid 19 resulting in less traffic being on the roads, Buckinghamshire Council have agreed an extension to our traffic management operating hours to enable us to complete the works more quickly. Traffic management is in operation from 08.00 to 18.00.

Should you have any questions or concerns about any aspect of these works, or if you have any additional queries, please do not hesitate to contact HS2 via our 24/7 Freephone Community Helpline on 08081 434 434. Alternatively, you can contact the Community Engagement team at Align via email to communityengagement@alignjv.com.

Yours faithfully

Community Engagement Team

Align JV

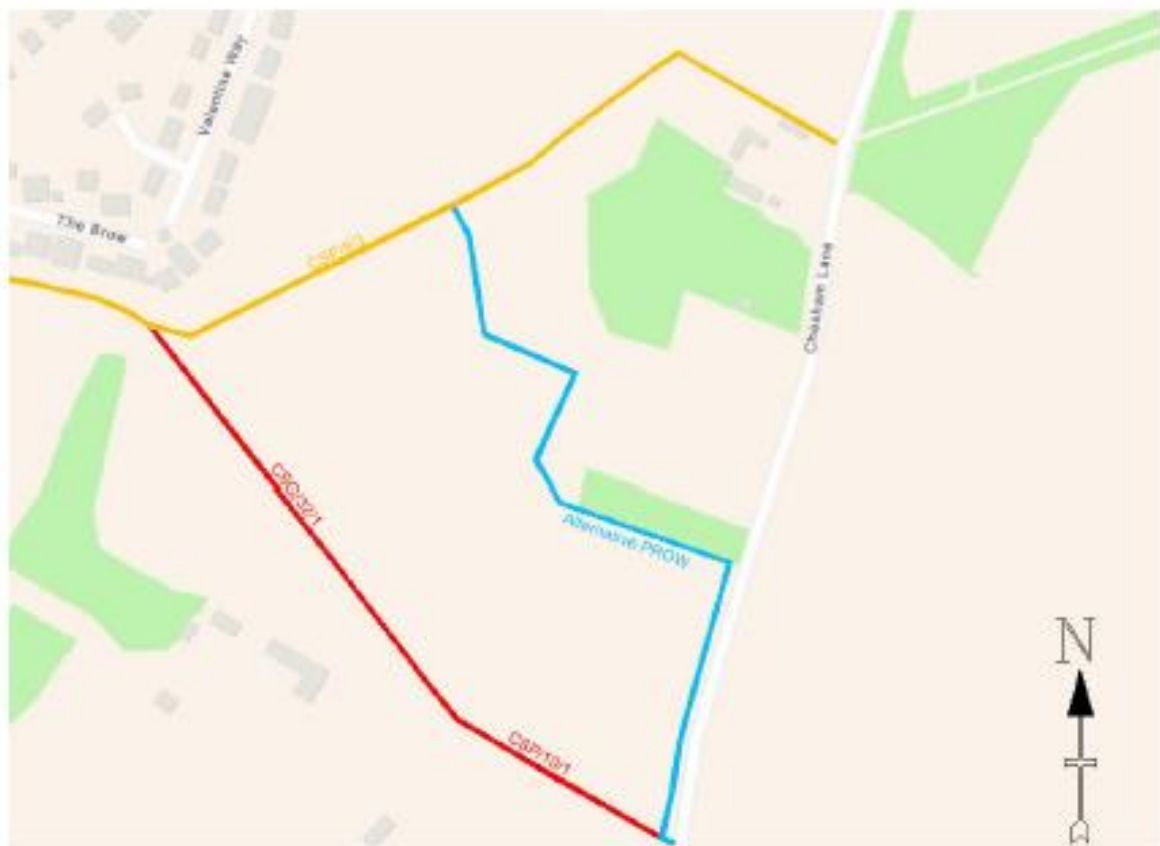

Due to ongoing works in the area **Chalfont St Peter 10/1** and **Chalfont St Giles 32/1** Public Rights of Way are closed.

Below find a map of the surrounding area with your current location pinpointed.

Please use the **alternative PROW** provided to navigate your journey.

Chalfont St Peter 9/3 is not affected by these works.

Apologies for any inconvenience caused.

- CSP/10/1 and CSG/32/1 Closure
- Alternative PROW
- Existing CSP/9/3
