

Notice of works to set up Adelaide Road site

June 2020 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current strategy makes it clear that construction activity can continue as long as it complies with this guidance. Please be assured that only sites that can operate within the guidelines are operational. All sites will remain under constant review.

We will be building a ventilation shaft and headhouse at our Adelaide Road site. You can sign up for updates and view a map showing the site location at hs2incamden.co.uk

Update: ongoing works to remove traffic islands

We are continuing works to remove three traffic islands on Adelaide Road. This is so that we can maintain two-way traffic flow past our Adelaide Road site, for the duration of our works.

Works planned from 25 June

From 25 June we will start to establish our site boundary and security for the Adelaide Road site. The site will be located in the Network Rail embankment area, behind the wall that runs along Adelaide Road and opposite the junction with Eton Road. The site is next to, but does not include, the Adelaide Nature Reserve.

From late June to late July we will install hoardings (2.4 metre high, wooden fencing) around our site. We will also reopen Adelaide Road for two way traffic once works to remove the traffic islands are complete.

Future works planned at the Adelaide Road site

During 2020, we will remove the brick wall along Adelaide Road and carry out vegetation clearance within our site boundary.

Before any site clearance works are carried out, we will complete all necessary ecological and arboriculture surveys and inspections.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email HS2enquiries@hs2.org.uk
