

Drainage surveys on Kilburn Priory, Langtry Road and Springfield Lane

November 2020 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current strategy makes it clear that construction activity can continue as long as it complies with this guidance. Please be assured that only sites that can operate within these guidelines are operational. All sites will remain under constant review.

Additional drainage surveys

We will be carrying out further overnight drainage surveys on Langtry Road and Kilburn Priory on 24 November, Springfield Lane and Kilburn Priory on 25 November, daytime drainage surveys on Springfield Lane on the 28 and 29 November; shown on the maps overleaf. We will investigate the condition of the drainage using a camera and may need to flush the drainage system using a high-pressure water jet. Your utility services will not be affected.

Overnight surveys on 24 November and 25 November

Langtry Road and Kilburn Priory: These works will take place overnight on 24 November between 9pm and 6am. We will temporarily suspend some parking bays on Langtry Road and Kilburn Priory during these works.

Springfield Lane and Kilburn Priory: These works will take place overnight on 25 November between 9pm and 6am. To carry out these works safely, a signed diversion route will be in place to facilitate an overnight road closure on Springfield Lane. To keep vehicle access to and from some of the local businesses, a section of Springfield Lane next to Energie Fitness Gym will be converted to a 2-way system. We will temporarily suspend some parking bays on Springfield Lane during these works.

A map showing the location of the surveys is included on the next page.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.

www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:

www.gov.uk/government/collections/hs2-ltd-residents-commissioner

You can contact the Commissioner at:
residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:
