Groundwater discharge into Harrington Street manhole

October 2020 | www.hs2.org.uk

We are continually reviewing the works on our construction sites in line with Government and Public Health England advice on dealing with COVID-19. The Government's strategy makes it clear construction activity can continue, as long as it complies with this guidance. Please be assured only sites that can operate within the guidelines are operational. You can sign up for regular updates in your local area at HS2inCamden.co.uk.

High Speed Two (HS2) is the new high speed railway for Britain. Works to set up our main worksite in the Euston approaches continues.

Closure of Harrington Street for groundwater discharge

From 26 October until 31 December, we will need to discharge groundwater from our worksite into the manhole on Harrington Street. From January, we expect to have constructed our permanent drainage connection on Stanhope Street.

We will close off a section of Harrington Street with traffic management to discharge groundwater for a couple of hours each day. The duration will depend on weather conditions. We will have traffic marshals in place during the closure to ensure safe access at all times. See map below.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email HS2enquiries@hs2.org.uk

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.

www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents'

Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:
