High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England advice on dealing with COVID-19. The Government’s strategy makes it clear construction activity can continue, as long as it complies with this guidance. Please be assured only sites that can operate within the guidelines are operational. You can sign up for regular updates in your local area at HS2incamden.co.uk.

Construction of the vehicle holding area is in progress including installing drainage and a mammal tunnel, as well as mechanical and electrical works. From October to December, we plan to install a sewer connection requiring a road closure, undertake kerbing and pavement works. We will also construct concrete slabs on site and carry out utilities investigations at Parkway.

**Prince Albert Road closure – 19 to 30 October**

We will close off a section of Prince Albert Road fully (see map 1) for two weeks starting 19 October to safely carry out a sewer connection located in the middle of the road and install ducting for the new traffic lights. A traffic diversion as detailed in map 2 will be in place during the road closure. The diversion avoids the Outer Circle as well as most residential streets where possible and we will ensure access to residential properties is maintained at all times.

We will display advance warning signs before works start and appropriate signage including ‘access only’ signs during the closure.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email HS2enquiries@hs2.org.uk

Prince Albert Road lane closure – 2 to 27 November

Following completion of the sewer works and road closure, we require further lane closures to complete utilities connections and install a protection slab for services within the footpath. We will close the westbound lane and footpath for four weeks from 2 to 27 November as shown in map 4.

Map 4

We recognise road closures affect both the public and the local community and will cause significant impacts to your planned journey. We are committed to completing the work as quickly as we can.

Utilities trial hole surveys at Parkway – 5 to 16 October

As part of our investigations we will dig trial holes to inspect the underground utilities around Parkway. This will help us understand what we need to do to protect the underground utilities during our works.

We will carry out surveys in footpaths and the carriageway at the locations shown in map 5. The trial holes will require footpath and lane closures with traffic management in place.

We will erect screening with acoustic panels to help reduce noise and there will be no disruption to utility services because of these works.

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

**Residents’ Charter and Commissioner**

The Residents’ Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.

[www.gov.uk/government/publications/hs2-residents-charter](http://www.gov.uk/government/publications/hs2-residents-charter)

We also have an independent Residents’ Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:

You can contact the Commissioner at:

residentscommissioner@hs2.org.uk

**Construction Commissioner**

The Construction Commissioner’s role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing:

complaints@hs2-cc.org.uk

**Property and compensation**

You can find out all about HS2 and properties along the line of route by visiting:

[www.gov.uk/government/collections/hs2-property](http://www.gov.uk/government/collections/hs2-property)

Find out if you’re eligible for compensation at:

[www.gov.uk/claim-compensation-if-affected-by-hs2](http://www.gov.uk/claim-compensation-if-affected-by-hs2)

**Holding us to account**

If you are unhappy for any reason you can make a complaint by contacting our HS2 Helpdesk team. For more details on our complaints process, please visit our website:

[www.hs2.org.uk/how-to-complain](http://www.hs2.org.uk/how-to-complain)

**Contact Us**

Contact our HS2 Helpdesk team all day, every day of the year on:
