

## Notification

# Notice of weekend closure of Breakspear Road South

February 2021 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current strategy makes it clear that construction activity can continue as long as it complies with this guidance. Please be assured that only sites that can operate within these guidelines are operational. All sites will remain under constant review.

You can sign up for regular updates in your local area at [www.hs2inhillington.co.uk](http://www.hs2inhillington.co.uk).

## What we are doing

To reduce the number of HS2 lorries using local roads we are building an internal haul road between our construction sites, crossing Breakspear Road South. To build the crossing point we will need to close Breakspear Road South from 12-15 March 2021.

Closing the road and working over a single weekend will reduce the impact on traffic flow in the area and to allow us to work safely.

We will remove the existing road surface in order to construct wider junctions. Additionally, we will compact the area and resurface the carriageway, which will include new line markings and repositioning of concrete traffic barriers.

## How this work might affect you

Breakspear Road South will be closed from 9pm on 12 March to 5am on 15 March 2021.

A diversion will be in place via Swakeleys Road B467/ High Road B466/ Ickenham Road/ High Street/ Bury Street A4180/ Breakspear Road.

The closure and diversion route is shown on the map overleaf.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
