Notice of sheet piling work at West Ruislip site

October 2020 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

Being COVID-19 Compliant

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current strategy makes it clear that construction activity can continue as long as it complies with this guidance. Please be assured that only sites that can operate within the guidelines are operational. All sites will remain under constant review.

We have postponed all face-to-face engagement events and meetings and have put in place a number of channels to communicate with communities, such as letters and phone calls, as well as updates and alerts from each of the local community websites. You can sign up for regular updates in your local area at www.hs2inhillington.co.uk.

What we are doing

From the week commencing 19 October we will carry out sheet piling works inside the construction site at West Ruislip, shown on the map overleaf. This work will help us to install a temporary tank to be used as stormwater drain to prevent flooding in the work area.

Sheet piles will be installed in sequence along the planned excavation perimeter to provide temporary walls within the ground to support our water tank. A mechanical machine will be used to push steel sheets into the ground.

How this work might affect you

A piling rig, cranes and construction machinery will be visible in the area during these works.

The project team will take every measure to reduce noise impacts, however you may notice some construction related noise and vibration.

Sheet piles will be pressed into position. In the event that we find hard ground or obstacles, a vibro-hammer will be used to disturb the ground and drive the sheets through the hard areas. Should this method be required, it will be used for approximately one hour per day.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Duration of works

The activity will take place from w/c 19 October for three weeks.

Hours worked will be Monday to Friday 8am to 6pm and 8am to 1pm Saturdays.

We may be on site for an hour before the start and/or end of each shift.

What to expect

Delivery and set up of equipment, cranes and piling rigs.

Our piling methods may involve vibrating piles into the ground.

What we will do

Conduct noise and vibration monitoring to ensure works are within project approval limits.

Use water carts to reduce the amount of dust.

Contact our new HS2 Helpdesk team

Our new Helpdesk team is based in our Head Office in Birmingham. This is so that we can provide you with the best service possible. Our team is here to listen and respond to your enquiry, complaint or feedback to help us be a good neighbour.

You can contact our Helpdesk team all day, every day of the year on:

Freephone: **08081 434 434**

Minicom: **08081 456 472**

Email: hs2enquiries@hs2.org.uk

Keep up-to-date with your local community website

To find out more about what's happening in your area and receive regular email updates, you can sign up to our local community websites at: www.hs2inyourarea.co.uk.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.

www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:

www.gov.uk/government/collections/hs2-ltd-residents-commissioner

You can contact the Commissioner at: residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing: complaints@hs2-cc.org.uk

Property and compensation

You can find out all about HS2 and properties along the line of route by visiting:

www.gov.uk/government/collections/hs2-property

Find out if you're eligible for compensation at:

www.gov.uk/claim-compensation-if-affected-by-hs2

Holding us to account

If you are unhappy for any reason you can make a complaint by contacting our HS2 Helpdesk team. For more details on our complaints process, please visit our website:
