

Affinity Water - Notice of utility work on Breakspear Road South

February 2020 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

Rescheduling of works on Breakspear Road South

The planned lane closure on Breakspear Road South we told you about last week has had to be postponed.

We will be rescheduling these works for later this week, Thursday 20 February to Saturday 22 February.

Please accept our apologies for any disruption these changes have caused. We are providing shorter notice than usual as there is an opportunity to undertake this work during the school half term period, which will hopefully lessen the disruption the lane-closure may cause.

Works on Breakspear Road South

From **20 February** work will begin on the removal of a temporary access and to reinstate it back to its former entrance.

The work will involve breaking up and removing the concrete access way, and the removal of temporary pipes. The existing ditch will be cleaned and prepared to maintain the ditch drainage system that is in place. Once the drainage work is complete the new entrance can be constructed.

Most of the work will be carried out from within the site with only the work adjoining Breakspear Road South having to be undertaken from the roadside. When working on the section of the entrance next to the road, two-way temporary traffic signals will be in place to control traffic and give protection to the workforce.

Once this is completed a new vehicle gate will be put in alongside a new pedestrian kissing gate, and new fencing will also be installed to complete the works and keep the field secure.

This work will be completed on the **22 February 2020**.

Duration of works

From Thursday 20 February 2020 for three days

Working hours are 8am to 6pm

Barhale may also be on site for one hour's start-up and shutdown

What to expect

A temporary lane closure with traffic management on Breakspear Road South during the half term

Signage will be in place 24 hours a day

Location of work

Area of work and traffic management. The south bound lane will be closed with temporary traffic lights in place at either end for the duration of the work over three days.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route. www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at: www.gov.uk/government/collections/hs2-ltd-residents-commissioner

You can contact the Commissioner at: residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing: complaints@hs2-cc.org.uk
