

Notice of ground investigation near South Ruislip station

High Speed Two (HS2) is the new high speed railway for Britain.

Being COVID Compliant

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current strategy makes it clear that construction activity can continue as long as it complies with this guidance. Please be assured that only sites that can operate within the guidelines are operational. All sites will remain under constant review.

We have postponed all face-to-face engagement events and meetings and have put in place a number of channels to communicate with communities, such as letters and phone calls, as well as updates and alerts from each of the local community websites. You can sign up for regular updates in your local area at www.hs2inhillington.co.uk

What we are doing

From 30 July we will be carrying out ground investigation work at the rear area of Santino's Pizzeria on Long Drive, the area is shown on the map overleaf.

We will carry out a survey using scanning equipment to identify the utilities in the area, and then we will carry out a ground investigation by drilling a borehole into the ground to identify the make-up of the ground in the area. This will better inform our design decisions in the area.

How this may affect you

You may see a small number of operatives using a device similar in size to a large lawnmower for the ground penetrating radar surveys.

A small team of operatives will drill a borehole into the ground to recover details about the ground beneath the work area shown on the map.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Notification

Duration of works

These works will take place from 30 July for 2 weeks

Working hours are between 8am and 6pm Monday to Friday, and 8am to 1pm on Saturday should it be required.

What to expect

Drilling equipment to dig a borehole to take samples and measurements. During works a water pump will be in use.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route. www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at: www.gov.uk/government/collections/hs2-ltd-residents-commissioner

You can contact the Commissioner at: residentscommissioner@hs2.org.uk

Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing: complaints@hs2-cc.org.uk
