# Notice of works starting on the old Arla Dairy site

May 2020 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain.

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current strategy makes it clear that construction activity can continue as long as it complies with this guidance. Please be assured that only sites that can operate within the guidelines are operational. All sites will remain under constant review.

We have postponed all face-to-face engagement events and meetings and have put in place a number of channels to communicate with communities, such as letters and phone calls, as well as updates and alerts from each of the local community websites. You can sign up for regular updates in your local area at [www.hs2inhillington.co.uk](http://www.hs2inhillington.co.uk)

Our main works contractor for Construction; Skanska, Costain, Strabag Joint Venture (SCSJV) will shortly begin works on a ventilation shaft in South Ruislip. Ventilation shafts allow for access of maintenance staff and emergency personnel should it ever be required and are required for the safe operation of the new railway. The ventilation shaft will join with the main tunnel bores deep below ground and will have a headhouse at the top that will house the ventilation fans and other utility systems.

### What is happening?

SCSJV will start setting up the work area as of early June 2020 and these initial works will include:

- Setting up of the compound, security fencing, temporary offices and welfare facilities
- Delivery of equipment to build the compound and prepare for work starting on the shaft
- Construction of the area that will hold and store vehicles
- Connection of utility services
- Begin to receive vehicles delivering equipment to set up for the shaft excavation and removal of earth from the site.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [hs2enquiries@hs2.org.uk](mailto:hs2enquiries@hs2.org.uk)**

### Duration of works

Work on the ventilation shaft will start in June 2020.

Our hours of work will be 8am to 6pm Monday to Friday and 8am to 1pm on Saturdays. If we need to work outside these hours for any reason you will be informed.

### What to expect

A gradual increase in the number of operatives and lorries accessing and exiting the site.

### What we will do

We will ensure that there is no disruption to your utility services.

## What you will expect to see

This activity is taking place on the old Arla Dairy site (behind what is now Aldi and B&M Stores, Victoria Road Retail Park) and you may notice a gradual increase in both the number of workers and lorries entering and leaving the site if you use the shopping centre.

Our workers, as part of their induction are being reminded that they must be respectful to residents, commuters, businesses and commercial properties at all times.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

# Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

## Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route. [www.gov.uk/government/publications/hs2-residents-charter](http://www.gov.uk/government/publications/hs2-residents-charter)

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at: [www.gov.uk/government/collections/hs2-ltd-residents-commissioner](http://www.gov.uk/government/collections/hs2-ltd-residents-commissioner)

You can contact the Commissioner at: [residentscommissioner@hs2.org.uk](mailto:residentscommissioner@hs2.org.uk)

## Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing: [complaints@hs2-cc.org.uk](mailto:complaints@hs2-cc.org.uk)

## Property and compensation
