

# 2<sup>nd</sup> Update: Hoarding work along the border with The Greenway

August 2020 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain.

## COVID compliance

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current strategy makes it clear that construction activity can continue as long as it complies with this guidance. Please be assured that only sites that can operate within the guidelines are operational. All sites will remain under constant review.

We have postponed all face-to-face engagement events and meetings and have put in place a number of channels to communicate with communities, such as letters and phone calls, as well as updates and alerts from each of the local community websites. You can sign up for regular updates in your local area at [www.hs2inhillington.co.uk](http://www.hs2inhillington.co.uk)

## Update: Activity along the border

Work is continuing to place secure wooden hoarding along the Network Rail border to the south of our work site and then extend it along the southernmost edge of our works. The hoarding will ensure that the work site is both safe and secure. Preparatory works are still taking place during the day, and work on Network Rail land is only taking place at night when trains are not running. This activity is taking longer than expected due to unexpectedly limited number of working hours available next to the railway.

All lights needed for work activity will be placed so that they face away from the residential properties.

The side of the hoarding facing the properties in The Greenway and Hoylake Crescent will be painted dark blue. This colour has been agreed with Network Rail who need to ensure that the red, amber, and green lights are visible to their drivers' sight lines. There will be a period where we will remove the part of the cutting. This will be done during the day.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [hs2enquiries@hs2.org.uk](mailto:hs2enquiries@hs2.org.uk)**

## Duration of works

These works will continue until 18 September at the latest

## Working hours

Day time activity will be between 8am and 6pm

Night time activity will happen between 12.30am and 7.45am on Sundays and 5.30am all other mornings, when no trains are running

We may be on site for up to an hour before and after these hours for preparation

This work is progressing east to west.

## What to expect

An excavator to remove the hoarding post foundations. All other activity will be using hand tools.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
