Notice of weekend part-closure of the M42 northbound and southbound

July 2020 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are carried out by a joint venture between Laing O'Rourke and Murphy & Sons known as LM. In your area, we are working near the A452, A45 and M42, which surround the site of the future HS2 Interchange Station.

We're creating a new road network near the M42

To ensure that the local road network is fit for purpose when the Interchange Station is operational, we are expanding and improving the existing network and creating new routes on HS2 land. These works will be concentrated on and around Northway Island, and on the B4438 and Northway. To link the new network with existing routes, we're building four connecting highways bridges. The first of these new bridges will span the M42. To safely install the bridge deck over the M42, we will close sections of the M42 for one weekend.

We'll be starting work on Friday 7 August

The area between **junctions 6 and 7A (northbound) and junctions 7 and 6 (southbound) will be closed after evening rush hour on Friday 7 August 2020, and reopen before morning rush hour on Monday 10 August 2020.**

During the temporary closure, diversions will be in place and clear signage will be displayed along the route for drivers. To find out more about diversion routes please go to:

HS2 during the coronavirus pandemic

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with coronavirus. The Government's current coronavirus strategy makes clear that construction activity can continue as long as it complies with this guidance.

The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses across Birmingham and the West Midlands, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: www.groundwork.org.uk/hs2funds
