Closures of Birmingham Road and Ashow Road

March 2020 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are now underway in your area, carried out by LM – a joint venture between Laing O'Rourke and J. Murphy & Sons.

LM will be using a phased approach to work on existing utilities on Birmingham Road (Phase 1) and B4115 Ashow Road (Phase 2). This work is necessary to support future HS2 construction, including building the HS2 compound located between Ashow Road and the A46.

Phase 1, a full closure of Birmingham Road, is scheduled to begin on the morning of Monday 30 March after the morning traffic peak. Subject to site and weather conditions, we expect to finish our work and end the closure in around two weeks.

Phase 2, a full closure of Ashow Road, will follow directly after completion of Phase 1. We expect to start our work on Ashow Road in the week commencing Monday 13 April, due to finish by the end of April.

The temporary closures are needed to ensure everyone's safety during the utility works. Diversions will be in place during the closures, with signs on the road indicating the diversion route.

The nature of the work means that the road needs to remain closed outside our working hours.

There is a map on page two.
