Notice of pipeline diversion works in Chattle hill, south of Birmingham Road, Coleshill

High Speed Two (HS2) is the new high speed railway for Britain. Cadent will be moving underground gas pipelines in the Coleshill area, to allow for the construction of the new railway and to continue to ensure a safe and reliable gas supply.

What are we doing?

Before we start work to move the pipeline, we need to remove some vegetation on land south of Birmingham Road. We look to avoid removing vegetation wherever possible. In this case, we cannot divert the pipeline without the removal of the vegetation.

It will also keep our workforce safe while we carry out the diversions. Appropriate ecological surveys will be undertaken prior to any vegetation clearance being carried out, and our Ecologist will be present throughout the activity to ensure there is no disruption to birds and local wildlife.

We will be accessing the works site using HS2's existing temporary works compound and access off Birmingham Road.

We will keep local people up to date as our work progresses.

How will this affect you?

There may be some noise as we carry out the work, however, this will only be for a few of hours.

The vegetation clearance will take place within our normal working hours.

If you have a question about HS2 or our works, please contact our helpdesk on 08081 434 434 or email HS2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between Birmingham and the West Midlands, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
