## Notice of pipeline diversion works near Leicester Lane, Cubbington

March 2021 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. To allow for the construction of the new railway and to continue to ensure a safe and reliable gas supply, Cadent will be moving an underground gas pipeline that runs near Leicester Lane, Cubbington. We expect to complete all our work by the end of 2021. We will keep local people up to date as our work progresses.

### What are we doing?

We will shortly be finishing preparation activities and will be starting site set-up and main work to move the pipeline from 12 April 2021. The works involve:

- Setting up a temporary compound on land between Leicester Lane and Coventry Road.
- Installing fencing around our working area.
- Digging a trench for the new pipeline. We will look to bore a tunnel to install the pipe underneath Leicester Lane, so we can avoid closing the road.
- Welding the pipe together then installing it in the trench.
- Connecting and testing the new pipe.

There will be 24-hour security on site so we can maintain a safe working environment. Please note, there will be no on-site lodging.

### How will this affect you?

The Public Right of Way between Leicester Lane and Coventry Road will remain open. So that we can carry out the work safely, we will be installing a fenced crossing where the footpath crosses our working area. Walkers will have priority, and signs will be in place to make people aware.

Construction vehicles will use the accesses we've constructed off Leicester Lane to reach the site. Signs will be in place to make other road users aware. Standard construction vehicles and equipment will be used, and all work will take place inside usual working hours.

### COVID-19

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current COVID-19 strategy makes clear that construction activity can continue as long as it complies with this guidance. The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between Birmingham and the West Midlands, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

## About our Commonplace websites

The planning and construction of HS2 is a huge operation – it is currently the largest infrastructure project in Europe.

It's important to us that you are kept up to date about the progress of the Project and any work that may impact you or your community. We have a series of community-focused websites where you can find out what is happening in your local area and sign up for updates about our activities.

Our Commonplace sites currently serve Birmingham, Bucks and Oxfordshire, Cheshire, Euston and Camden, Hertfordshire, Hillingdon, Northamptonshire, Old Oak, Solihull, Staffordshire and Warwickshire. More sites are being prepared to serve other areas.

## Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

### Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route. [www.gov.uk/government/publications/hs2-residents-charter](http://www.gov.uk/government/publications/hs2-residents-charter)

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at: [www.gov.uk/government/collections/hs2-ltd-residents-commissioner](http://www.gov.uk/government/collections/hs2-ltd-residents-commissioner)

You can contact the Commissioner at: [residentscommissioner@hs2.org.uk](mailto:residentscommissioner@hs2.org.uk)

### Construction Commissioner

The Construction Commissioner's role is to mediate and monitor the way in which HS2 Ltd manages and responds to construction complaints. You can contact the Construction Commissioner by emailing: [complaints@hs2-cc.org.uk](mailto:complaints@hs2-cc.org.uk)

### Property and compensation
