

Notice of trial trench excavation works

October 2019 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. As part of HS2's continued programme of surveying works in your local area we have carried out geophysical surveys to identify areas of possible archaeological interest. The next steps of our archaeological investigation work will involve excavating trenches and recording any finds.

When will these works take place?

These works will start mid-November 2019 and will be completed by the end of March 2020.

The site is located at Lower Radbourne near Ladbroke. Access to the site will be along Welsh Road.

What will we be doing?

We will begin archaeological investigations in the area shown on the map. These works will enable a greater understanding of significant archaeology in the area. This will require the excavation of a number of trial trenches. Once the work is complete, the trenches will be backfilled.

This work will be carried out by Archaeological Research Services, Fusion's archaeology subcontractor. The digging and investigations will be done by teams of five workers using a mechanical excavator. There will be a maximum of two teams on site and a small number of supervision staff visiting site to ensure the work is progressing to plan and is being done safely.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Notification

Duration of works

The works will start mid November 2019 until the end of March 2020.

How may this affect you?

We will be working hard to ensure any impacts on residents are kept to a minimum during these and all our future works. You may notice a little extra traffic on the road immediately around the sites with workers moving to and from the site, and occasional delivery vehicles. There may be some noise from the machinery. All machinery will be restricted to running between the hours of 8am to 6pm Monday to Friday. There may be occasional weekend working subject to local authority consent.
