Notice of hard shoulder closures on M6 link roads

December 2020 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are carried out by LM – a joint venture between Laing O'Rourke and J. Murphy & Sons.

There will be hard shoulder closures

There will be hard shoulder closures on the link roads onto the M6 near Chelmsley Wood and South Coleshill. This includes junction 7 on the M42 as well as junction 4 on the M6. These measures will allow safe access to our work sites to prepare for future construction works, which include roadside vegetation clearance.

The closures will be in place between **9:30am and 3:30pm** on the phased dates below. Our teams may be on site up to one hour before and one hour after the works to set up and secure the site at the end of each day. Please see the map overleaf for more information for each phase.

- Phase 1, southside hard shoulder closure on link road towards M6 southbound: **5 January – 7 January 2021**
- Phase 2, northside hard shoulder closure on link road towards M6 southbound: **8 January, 11 January and 12 January 2021**
- Phase 3, westside hard shoulder closure on link road towards M6 northbound: **13 January – 14 January 2021**

HS2 and the COVID-19 outbreak

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current COVID-19 strategy makes clear that construction activity can continue as long as it complies with this guidance.

The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
