Night closures – Long Itchington and Welsh Roads

September 2020 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are now underway in your area, carried out by LM – a joint venture between Laing O’Rourke and J. Murphy & Sons.

LM will temporarily divert short sections of Long Itchington Road and Welsh Road in Offchurch for a few nights during different weeks in September to build temporary crossing points. These crossings will then be used when needed to help vehicles and machinery get from HS2 compounds off Long Itchington Road to working areas along B4455 Fosse Way.

We are continually reviewing work on our sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government’s current COVID-19 strategy makes clear that construction activity can continue as long as it complies with this guidance. The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently working are doing so because they can operate within PHE and construction industry guidelines.
