Notice of Utility Works at Bascote Road, Bascote

April 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current strategy makes it clear that construction activity can continue as long as it complies with this guidance. Please be assured that only sites that can operate within the guidelines are operational. All sites will remain under constant review

What are we doing

We are writing to you to give a brief update and make you aware of the works taking place by Western Power Distribution (WPD) on our behalf.

The proposed work is to undertake modifications to the WPD network by excavating a small joint hole in the verge of Bascote Road.

How will this affect me?

Minor verge excavation and lane closure with temporary traffic lights.

At the work location, Traffic Management, which will be traffic lights controlling a lane closure, will be in place and coordinated to make sure all appropriate lane closure to provide safety from traffic will be in place prior to the works starting. The traffic lights will be removed when work is not taking place.

If you have a question about HS2 or our works, please contact our helpdesk on 08081 434 434 or email HS2enquiries@hs2.org.uk
