14 June 2023

Dear Resident

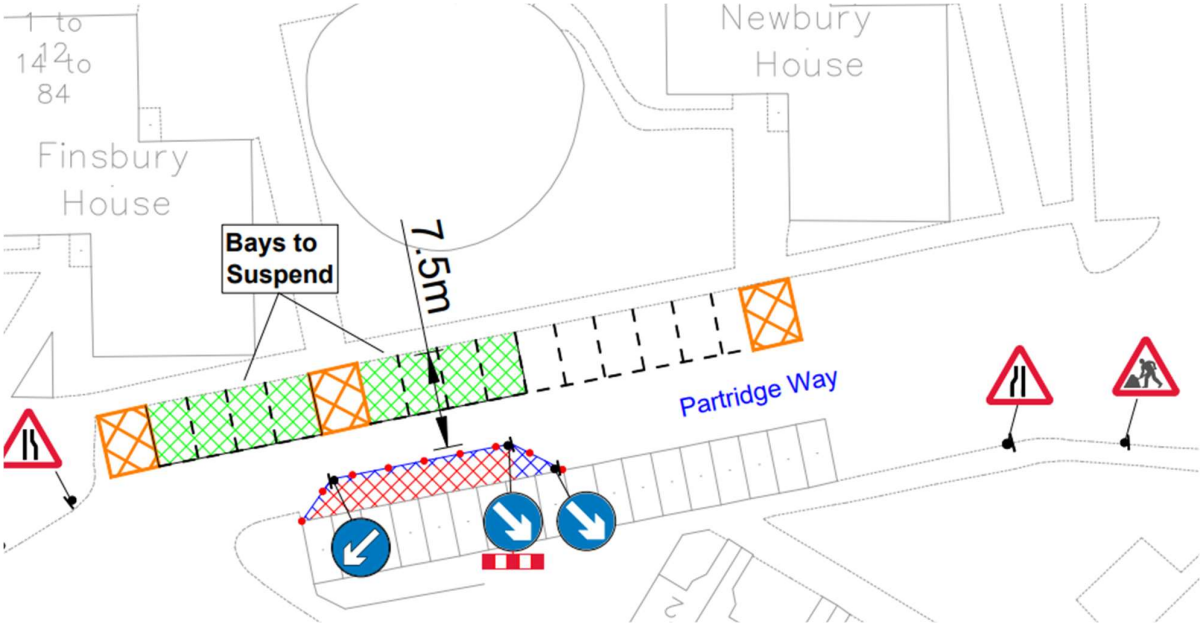

New Council homes at a site close to Partridge Way – Parking Bay Suspensions

As you will hopefully be aware, Haringey Council has received planning permission to build twenty-three new council homes at a stie close to Partridge Way. This is part of the Council's ambitious home building programme that aims to deliver 3,000 new council homes across the borough in the next decade.

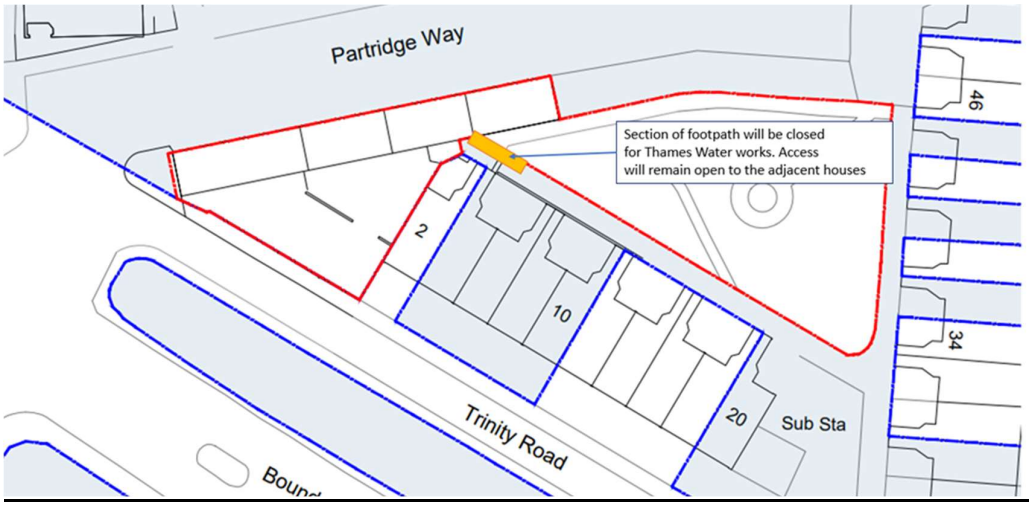

Formation Design and Build (Ltd) have been appointed to deliver the new homes for the Council. We have in the past few months, hoarded the site and begun preparation works: we do want to thank all those residents who attended a recent "Meet the Contractor" event with our team last month.

In terms of the next stage of works, the UK Power Network (UKPN) which manages the electricity supply to the area, are planning to complete disconnections of the existing power within the hoarded site. Please note that the electricity supply to your home will not be affected. However, this work will require digging and other construction activity on Partridge Way Road.

As part of this, we will need to suspend a number of parking bays from Saturday 24th June 2023 until Wednesday 28th June 2023. Please see the below diagram of the traffic management plan which shows the parking bays that will be suspended.

The section of footpath highlighted in yellow below will also be suspended on Trinity Road from Saturday 1st July 2023 until Wednesday 5th July 2023. Access to all homes in the area will not be impacted: properties at 2-20 Trinity Road will receive a further update next week regarding these particular works.

If you do need to speak to the team on site during the works, please contact in the first instance: Mark O'Dwyer, Contracts Manager on 07752 029429 or Anita Collopy, Community Engagement Officer on 07515 891 659.

Alternatively, you can email us on partridgeway@formationdnb.co.uk
