

We Support Laws to Defend All Life

A petition from the Catholic Parliamentary Office in support of the *Care Not Killing* campaign

As signatories to this petition we wish to express our **opposition to assisted suicide** and call on MSPs to resist the proposals of the Assisted Suicide (Scotland) Bill presently before the Scottish Parliament. The right to life should be fully supported for all people. Assisted suicide will put vulnerable people at great risk and will undermine the care and social solidarity that are due to those who are ill.

Catholic Parliamentary Office SCO 16650
