

## EUROTECH'S IT SERVICES WELL ABOVE PAR!

Located close to London, Moor Park Golf Club is one of Eurotech Services' premier sporting clients and is a truly awe inspiring venue for both business and pleasure activities.

Eurotech have supplied and support a Virtual Windows server platform with on-premise Exchange email, serving a mixture of over 30 PC, remote laptop and iPad users, utilising fully Managed Services and Cloud-based mail filtering.

In partnership with ESP Leisure, who provide the Clubs firmware for handling on-line bookings and membership, Eurotech are now facilitating a super-fast leased line installation which, in conjunction with a planned move to a Meraki Enterprise wireless network, will offer huge benefits to its clients and ensure maximum commercial benefit from its dedicated server and POS tills.

Eurotech has supported the Moor Park Golf Club's IT infrastructure for over a decade and in total now support 10 golf club clients.

"Eurotech are always available to help us source new IT equipment when we need it to improve our business efficiency" comments Club Chief Executive David Cook. "It was on their recommendation that we upgraded our old server to a much more productive and cost-effective Cloud-based setup including a data-loss prevention backup programme."

"Here at Moor Park we are very reliant on IT so that the moment it stops our business stops. Eurotech really appreciate this and typically respond to call-outs within the hour - I most certainly would actively endorse them to other organisations."

MOOR PARK

"Eurotech has always provided an excellent service - with immediate response to issues. They spot things before we even know about them"

**DAVID COOK**

Chief Executive - Moor Park Golf Club

Moor Park Golf Club is famous for its two challenging championship golf courses, and for the 17th century Mansion House which offers hospitality, dining and clubhouse facilities. Conveniently located close to London and major transport links, Moor Park Golf Club is the ideal venue where you can escape and enjoy its high quality grounds and facilities.

**Eurotech Services**, founded in 1984, is an established IT company specialising in Managed IT Services, support and maintenance, computer systems and servers, networking and business IT consultancy. They provide the best solutions to IT problems, meeting deadlines and budgets whilst priding themselves on technical excellence, customer satisfaction and quality products.
