

TRAINEE RECRUITMENT

Civil Engineers - What do we do?

We hang off ropes on rock faces...

We have drill rigs, boats and excavators...

We work underwater...

We help keep the Island powered up and connected with our Utility work...

We even blew up Greve De Lecq once...

And you could work for us...

Apprentice Civil Engineer: Day-release support to attain a HNC in Civil Engineering, leading to degree qualification and Chartership.

Trainee Driller, Trainee Civils Operative, Trainee Utilities Operative, and Trainee Storeperson: Full training in a variety of departments.
