- Rumble Collection includes grips, floorboard inserts, passenger and shifter pegs, and brake pedal pad

- Custom oil cooler with chrome cover and CVO medallion

KEY FEATURES

The Harley-Davidson® CVO™ Street Glide® is a limited-production version of the popular Harley-Davidson® hot-rod bagger. Powered by the largest-displacement V-Twin engine offered by Harley-Davidson, this potent touring bike is loaded with sparkling chrome, electrifying paint and fresh custom-styling ideas.

Production will be limited to approximately 3,500 units assembled at the Harley-Davidson Vehicle Operations facility in York, Pa.

The CVO Street Glide is built on the innovative Touring chassis introduced by Harley-Davidson in 2009, based on a single-spar, rigid backbone frame and a new swingarm developed to withstand the demands of long-haul touring riders and today's more-powerful engines.

- Smoked low-profile wind deflector
- 40-watt Harman/Kardon® Advanced Audio System
