- Half-moon black rider floorboards
- Stainless steel 1.25-inch, internally-wired handlebar
- Rolled edge front fender
- Full-coverage rear fender

### KEY FEATURES

Darker and lower, the Fat Boy® Lo retains the bold presence of the Fat Boy® while offering a fresh interpretation of the motorcycle that still defines the segment. A re-shaped seat and lowered suspension combine to produce the lowest seat height of any Harley-Davidson® model, just 24.25 inches.

The Softail® rear suspension mimics the clean lines of a vintage hardtail frame but offers the comfort of a modern suspension that is hidden under the chassis. The rigid powertrain allows tight packaging of the engine and frame and creates a solid connection between the rider and the power that moves the motorcycle.

- Rigid-mounted, counter-balanced Twin Cam 96B™ V-Twin engine with Electronic Sequential Port Fuel Injection (ESPFI)
- 6-Speed Cruise Drive® Transmission
- Horseshoe oil tank
- Five-gallon fuel tank
- Optional Harley-Davidson® Smart Security System with hands-free security fob
