  - Front and rear axle nut covers
  - Pivot shaft covers
- Black high-torque 1.4kW starter
- High-performance clutch with hydraulic actuation
- Harley-Davidson® Smart Security System with siren

### KEY FEATURES

The Harley-Davidson® CVO™ Softail® Convertible is a limited-production custom motorcycle that can be configured for all-day touring, two-up cruising or solo profiling by adding or detaching key components, which can be easily removed or installed without tools.

Production will be limited to approximately 2,400 units assembled at the Harley-Davidson Vehicle Operations facility in York, Pa.

The Softail rear suspension mimics the clean lines of a vintage hardtail frame but offers the comfort of modern suspension that is hidden under the chassis.

The rigid powertrain allows tight packaging of the engine and frame and creates a solid connection between the rider and the power that moves the motorcycle.

### SPECIFICATIONS\*

DIMENSIONS	
Length (in./mm)	94.9/2410
Seat Height (laden) (in./mm)	24.4/620
Wheelbase (in./mm)	64.2/1631
