- Power Locking System provides push-button locking feature for the Tour-Pak® luggage, saddlebags and ignition
- Keyless ignition and the H-D® Factory Security System

KEY FEATURES

Tour with some swagger aboard the CVO™ Road Glide® Ultra motorcycle. The new frame-mounted fairing combines stylish menace with aerodynamic excellence, and was a big, blank canvas for the CVO styling team that devised a slashing new paint scheme to cover its flanks. Fine-tuned in a wind tunnel, the CVO Road Glide fairing has triple splitstream vents and a 13.5-inch touring windshield to virtually eliminate head buffeting. Special air deflectors under the fairing create a cooling jet stream over the legs of rider and passenger. An exclusive 1.25-inch diameter handlebar offers more pull-back and height to put the rider in an ideal long-haul posture.

The color-matched inner fairing holds a color Touch screen Boom!™ Box 6.5 GT infotainment system with 3D GPS, 6.5-inch Boom!™ Bagger speakers with 75-watt-per channel amplification. When the sun goes down, brilliant Dual Daymaker™ Reflector LED headlamps turn night almost to daylight. The influence of Project RUSHMORE includes Reflex™ Linked Brakes with ABS, One-Touch latches, stout 49mm forks, and a shotgun position with comfort that's the envy of the touring world. A dual-control heated seat, Mirror Chrome Slicer Custom wheels, Premium pull-out luggage, back-lit hand control and dash switches and a high-output charging system are also standard equipment.

SPECIFICATIONS*

DIMENSIONS	
Length (in./mm)	102.2/2595
Seat Height (laden) (in./mm)	28.4/699
Wheelbase (in./mm)	64/1625
