### Description:

Sophisticated and desirable, the Saffia furniture range is a Shaker style that is the perfect match for the Saffia ceramics, reminiscent of a bygone era. However it is totally contemporary in light sage colour and works equally as well with sanitaryware from the other Design Series.

All dimensions are approximate and subject to normal variation. Although every effort is made not to change the above product specification, Lecico reserve the right to do so without prior notification if necessary. Full information on guarantees available upon request.
