- Dual control
- 10 year guarantee

Description:

The Aqua R Round Thermostatic Shower Valve is constructed from brass and finished in highly polished chrome. It is suitable for all plumbing systems with a minimum operating pressure of 0.5 bar. It features dual control which ensures accurate control of both flow and temperature and has an automatic shut-off in the event of cold water supply, to prevent scalding.

All dimensions are approximate and subject to variation. Although every effort is made not to change the above product specification, Lecico reserve the right to do so without prior notification if necessary. Full information on guarantees available upon request.
