Description:

The Camberley Bath Shower Mixer is made from solid brass with zinc handles, both in a striking matt black finish. Its soft square design makes it a versatile option for styling. It is suitable for use with all plumbing systems with a minimum operating pressure of 0.2 bar. Pack includes shower kit and wall bracket.

All dimensions are approximate and subject to normal ceramic variation. Although every effort is made not to change the above product specification, Lecico reserve the right to do so without prior notification if necessary.
*Against manufacturers defects. Full information on guarantees available upon request.
