

## WATERLESS URINAL CONVERSION KIT

Product Code	URWALESSET
Material	Mixed
Waterless	Yes
Colour	Mixed
Waste	Suitable for 40mm
Extras	<b>40cm bowl</b> - URBOW40 <b>50cm bowl</b> - URBOW50 <b>60cm bowl</b> - URBOW60 <b>Spare cartridge</b> - WLESSCART

### Key features:

- Water-saving technology
- Non-touch hygiene key included
- Visual change indicator incorporated in waterless ring (typical life of each valve 3-6 months depending on usage)

### Description:

Integrated multiple enzyme hygiene bio blocks in the main ring and in-pipe valve cradle remove all bacteria/viruses and prevent long-term biofilm build-up, keeping pipes clear and odour-free, ending foul smells and backfill flooding. Odours are further eliminated by the triple seal non-return valve technology.
