Comment text:

As an existing Councillor in a 3 member ward that has no change, I would like to comment on the proposed single member wards. Being a member in a single member ward would be extremely difficult with no cover for holidays or illness. Covering ward surgeries would be difficult and could pose safety issues. There would also be a lack of choice for sensitive issues where there is a gender preference. In terms of some of the new ward boundaries, these do not take communities and natural defined areas into account.
