Name: Glyn Jenkins
E-mail: 
Postcode: 
Organisation Name: Leen Valley Councillor

Comment text:

Dear Sir/Madam, Keeping the ward of Leen Valley whole is the best for the community. I had feared that you would create a single member ward. Single member wards are bad for everyone. It makes the job for the Councillors harder as they must manage by themselves and, if they are sick, have no one to ensure the ward work keeps getting done. They also limit the choice of residents regarding who they can speak to about issues. With multi-member wards you have a much higher chance of one being a woman or from an ethnic minority. Not only does this increase choice but it allows a much greater variance of voices to be heard on the council. Single member wards risk dulling these voices. Please keep Leen Valley as it is and please get rid of single member wards.
