

City of Nottingham**Personal Details:****Name:** Malcolm Wood**E-mail:** **Postcode:** **Organisation Name:** Nottingham City Council**Comment text:**

I have real reservations about one member wards, particularly in an urban conurbation like the City of Nottingham. Unlike rural wards, cities invariably have far more pronounced issues. Clearly diverse populations require a responsive approach that offers a wide range of skills and more importantly appropriate gender representation. This cannot be achieved if one member wards are imposed. There is therefore, an imperative to ensure gender balance and the Boundary Review should take due cognisance of this important issue.
