Organisation Name: Barrowden Parish Council

Comment text:

Barrowden Parish Council is disappointed that its preference for ward boundaries, established after a decisive result in a village poll, has been rejected by LGBC. The Council remains of the view that a ward uniting Barrowden with neighbouring parishes of similar size and character would be preferable to continuing in effect to incorporate Barrowden into an urban community farther away with ties closer to Stamford than to Rutland. In the Parish Council's view it is incumbent on the LGBC to think creatively and devise a comprehensive re-drawing of ward boundaries which would permit a revised ward including Barrowden which would better reflect local community feeling and identity.
