Organisation Name: Cliddesden Parish Council

Comment text:

If three councillor wards are being proposed as the norm, exceptions should be made where it is logical and in the interest of good local government to do so. Upton Grey and the Candovers is a relatively large cohesive rural ward whose parishes identify with similar issues and concerns. As it presently works well as a single member ward the disruption and potential costs of imposing a rigid structure which brings no actual benefit would seem counter productive. Cliddesden Parish Council requests that boundaries of Upton Grey and the Candovers Ward remain unchanged as a single member ward.
