

East Hampshire District

Personal Details:

Name: Leah Coney

E-mail: 

Postcode: 

Organisation Name: Alton Town Council

Comment text:

Submitted on behalf of Alton Town Council. We are supportive of the revised proposals and are particularly pleased that our views were taken on board in respect of maintaining the single member wards which we felt was important for the identification of voters with their elected representatives and maintaining wards as entities that are as cohesive as the present wards. We accept that there has to be some "tinkering" with boundaries to equalise voter numbers but these proposals are as good a compromise as we are likely to achieve. We thank you for listening to our views.
