

Have your say

We are now consulting local people on a new pattern of wards for North Lincolnshire Council. We have an open mind about our final recommendations, and we will consider every piece of evidence we receive from local groups and people, regardless of whom it is from or whether it relates to the whole council area or just a part of it.

If you agree with our recommendations, please let us know. If you don't think our recommendations are right for North Lincolnshire we want to hear alternative proposals for a different pattern of wards.

North Lincolnshire Council

Draft Recommendations on the new electoral arrangements

We aim to propose a pattern of wards for North Lincolnshire Council which delivers:

- **Electoral equality:** each councillor represents a similar number of electors.
- **Community identity:** reflects the identity and interests of local communities.
- **Effective and convenient local government:** helping your council discharge its responsibilities effectively.

A good pattern of wards should:

- Provide good electoral equality, with each councillor representing, as closely as possible, the same number of electors.
- Reflect community interests and identities and include evidence of community links.
- Be based on strong, easily identifiable boundaries.
- Help the council deliver effective and convenient local government.

Electoral equality

- Does your proposal mean that councillors would represent roughly the same number of electors as elsewhere in the council area?

Community identity

- **Transport links:** are there good links across your proposed ward? Is there any form of public transport?
- **Community groups:** is there a parish council, residents association or another group that represents the area?
- **Facilities:** does your pattern of wards reflect where local people go for shops, medical services, leisure facilities etc?

- **Interests:** what issues bind the community together or separate it from other parts of your area?
- **Identifiable boundaries:** are there natural or constructed features which make strong boundaries for your proposals?

Effective local government

- Are any of the proposed wards too large or small to be represented effectively?
- Are the proposed names of the wards appropriate?

Who we are

- The Local Government Boundary Commission for England is an independent body set up by Parliament.
- We are not part of government or any political party.
- We are accountable to Parliament through a committee of MPs chaired by the Speaker of the House of Commons.
- Our main role is to carry out electoral reviews of local authorities throughout England.

Electoral review

An electoral review examines and proposes new electoral arrangements for a local authority, including:

- The total number of councillors representing the council's electors ('council size').
- The names, number and boundaries of wards or electoral divisions.
- The number of councillors for each ward or division.

Why North Lincolnshire?

- The Commission has a legal duty to carry out an electoral review of each council in England 'from time to time'.
- North Lincolnshire Council has not been reviewed since 2001 and the Commission has therefore decided that it should review North Lincolnshire in advance of the elections in 2023.

Our proposals

- We propose that the council should have **43 councillors** in future, representing 10 three-councillor wards and 6 two-councillor wards and 1 single-councillor ward across the council area.

You have until 13 December 2021 to have your say on the recommendations

Summary of our recommendations

Our draft recommendations propose that North Lincolnshire should have 43 councillors, the same as there are now.

North Lincolnshire should have 17 wards, the same as there are now. The boundaries of all but five of the existing wards should change. There will be 10 three-councillor wards, six two-councillor wards and one single-councillor ward across the borough.

Before drawing up the draft recommendations, the Commission carried out a public consultation inviting proposals for a new pattern of wards for North Lincolnshire.

We have considered all of the submissions we received during that phase of consultation. The boundaries of most wards should change.

An outline of the proposals is shown in the map to the right. A detailed report on the recommendations and interactive mapping is available on our website at: www.lgbce.org.uk.

We welcome comments on our draft recommendations, whether you support the proposals or wish to put forward alternative arrangements.
