

Subject: Proposed boundary change

It has come to our notice that BDC intend to reduce the number of District Councillors resulting in a review of electoral boundaries. The proposed boundary will now link Wildmoor and Fairfield with Romsley and Frankley?

We are not sure how we would benefit from linking us with the above when we are happy with the Councillor who is local to us and knows the area very wellin fact the first proposal left us as we were until Bell Heath residents decided to organise an objection.

We would like to continue as we are along with our close knit communities of Belbroughton, Bourneheath, Catshill and Fairfield .

Your sincerely
