Dear Mr Dunkeyson

Electoral Review of Three Rivers

Further to your letter dated 24th July 2012, regarding the above.

Members of the Planning Committee considered the submissions from interested parties on the review of the number of elected members for Three Rivers District Council, at their meeting dated 3rd September 2012.

Firstly they wished to comment on the timing of the consultation. Over the summer most Council's reduce the number of meetings held. The consultation period did not give our Council sufficient time to enable discussion to take place at our Full Council meeting.

The Parish Council recognises the difference in the political parties views but we not in a position to pass comment on the number of Councillors that Three Rivers District Council should have at this time however we would like to make the following comments.

Members think the Commission should look at disparate community cohesion when setting the boundaries rather than size.

They also think that the basis of the ward boundaries should be based on number of residents rather than electorate.

We welcome to opportunity to comment on phase two when more information regarding the number of wards proposed is announced.

Yours Sincerely,

Yvonne Merritt
Clerk to the Council

Clerk of the Council: Mrs. Yvonne Merritt
