Comment text:

Please ensure the views of Whiston Town Council are considered. The Proposed name of Prescott South is very misleading because, it absorbs part of the present Whiston North Ward, it lies historically within the parish boundary of Whiston, it would include Whiston Town Hall and it encompasses Whiston Hospital. Whiston also objects to the removal of cronton from Whiston South. These ward boundary changes will have an impact on the residents of the Whiston area and should be given careful consideration.
