Subject: Electoral Review of Allerdale Borough Council: Warding Arrangements

Dear Ms Mayers

I refer to your letter of 27 September, which was considered by the Council at its Finance & General purposes Committee Meeting held on 28 November.

It is the Council's view that, taking into account the new housing developments that have taken place & are planned, the population is likely to have increased by some 2,000 by the time of the next Allerdale election. On this basis, the Council would argue that the warding arrangements in Maryport should remain as they are currently.

Regards

Paul Bramley
Clerk
