

I have recently been made aware of the proposal to cut councillors and therefore Fakenham's voice and representation.

My name is Patrick Payne and I'm 25. *I am emailing to raise my very firm objections to this.*

*I run the Fakenham Community Notice Board on Facebook which has become a great platform in the last year and a half to the town, its residents and its councillors. Having lived in Fakenham for over 10 years and now running this board I witness the feelings of the town. Fakenham already feels let down by its councillors and this would only make that a lot worse!*

*Fakenham is a vibrant, growing community that while being held back by several local issues is still a lovely town. However the recent problems have turned people away and started to give the town a bad image!*

*This move would continue to damage Fakenham and make the residents of Fakenham feel unheard, discarded and ignored. Please do not let this happen!*

*Fakenham is a lovely town that needs more voices, more input and more care taken of it. It certainly does not need representation taken away.*

*Yours sincerely, Patrick Payne.*

*Fakenham Community Notice Board*
