Name: Peter Bisset
E-mail: 
Postcode: 
Organisation Name: East Hampshire Green Party

Comment text:

As convener of the East Hampshire Green Party I am concerned that multi-Councillor wards will reduce the link between the electorate and their representatives. I have seen alternative proposals which divide East Hampshire into single-Councillor wards following all of the criteria of your criteria. I know that these have been submitted to you, I would urge you in the interests of the electorate and local democracy to consider these very carefully. We all need to work to increase engagement and voter turn out. The draft as it stands will have the opposite effect.
