Subject: Electoral Review of Bromsgrove

I have been instructed to submit Wythall Parish council's comments as follows:

Wythall Parish Council is supportive of the Commission's review of District Councillor numbers as modern communications and practices should enable Councillors to service a larger number of residents without detriment to their ability to deal with queries efficiently. However, the Council would wish to point out that it felt strongly that Parish support to these Councillors in terms of admin and local knowledge was invaluable and would play a large part in making single-ward Councillors successful. To this end the Parish Council believes that Parish support across all Bromsgrove would be beneficial to your proposals.

Patricia Harrison, Executive Officer to the Council
