Subject: Re boundary changes rochford district council

Dear sir,

I am writing to comment on the suggested boundary changes to the present barling and Sutton ward. Under the new proposals the villages of little wakering and barling completely lose their identities as they are lumped under rochford south and foulness and gt wakering wards.

At the very least the new rochford south ward should be called roche valley instead.

I feel that the present barling and Sutton ward which has one councillor could be combined with the rochford north ward which has two to make a three councillor ward. This ward would keep similar rural communities together.

Carole steptoe
