### Comment text:

I write on behalf of the Oadby & Wigston Branch of the Liberal Democrats. It is important that we reflect the views of our members and the general public. Oadby is one town, the shopping centre used by almost everyone is one side of the A6. It is good that both of our County councillors have an interest in this facility in their own ward. We already have 3 identities in the Borough, the towns of Oadby, Wigston, and South Wigston. The two member existing Oadby ward, closer to existing voter guidelines than that proposed by Leicestershire County Council ensures that Councillors can speak with one voice when representing the town. At the recent public meeting on July 8th, [Oadby Forum] organised by Oadby & Wigston Borough Council residents overwhelmingly voted to keep the status quo.
