**Subject:** Harrogate's boundary review

Dear Sir or Madam,

I agree in principal with the proposal to do away with the Ribston Ward put forward by Harrogate Council. However I feel that that the Wards should stay within the Selby and Ainsty parliamentary constituency. A parliamentary boundary review is due in two years time. It would seem unwise to change the boundaries of some of the wards currently in the Selby and Ainsty constituency now as further changes may take place at a future date after this Parliamentary review.

Regards

Martin Leather
